Re: Mateeba Gardens

Dear Sir:

This letter is a follow-up from our telephone conversation at which time I informed you as follows, to-wit:

There seems to be no doubt that Dorchester County accepted the road into Mateeba as a county dirt road. There further seems to be no question that the county maintained this said road in the dirt state. However, the problem arises when you or yours had the road paved without approval of the county or without being done to specifications. As a result of the paving, the problem has been compounded simply because the county is not in a position to pave roads. It was my understanding that the county had dug up some of the asphalt to put in a drainage pipe. This, of course, has to be maintained and patched by the county. You informed me that there were other holes in the road that you did not think it would cost the county much to repair, and I advised you that I could not tell you that Dorchester County would do any work other than for the damage caused by its employees at this time. Therefore, as it stands, there is to be no work done on repairing the paving on that road except in the area where the county removed the asphalt for its drainage pipe and for any other area that the county may have moved asphalt in furtherance of the county purposes.

I trust that this letter is understood, and I assure you
that nothing else will be done at this time.

Sincerely,

James A. Bell

5. Mr. George Knight moved to reorganize the Public Works Department as follows:

Road Maintenance-Vehicle Maintenance Center, Landfill and Waste Collection be combined, and under the supervision of Road Maintenance Supervisor, J. D. Wagers, thereby deleting the Maintenance Center Foreman, James Mitchell. The Road Maintenance Supervisor will report directly to the Administrator. Mr. Jim Drawdy will be the foreman of the Landfill and Solid Waste and report to the Administrator and that the Building Maintenance Foreman, Mr. Cleve Chinnors, report directly to the Administrator.

The Director of Planning, Mr. Jack Langston, be made the Director of Planning and the Sewer Project - the sign-up, the coordination of the engineers and county government and whatever else is needed to get this program moving, and that Mrs. Norma Patrick, Secretary in Road Maintenance, be shifted to this department. The Department Head, Mr. Jack Langston, will report to the County Administrator.

It is proposed that these changes take effect immediately and that all department heads will assume their authority as of department opening time, July 7, 1981.

Those persons whose positions have been deleted will be advised verbally immediately by the County Administrator and as soon as possible in writing by the County Administrator. These persons will be given whatever compensation is due according to the County Personnel Manual concerning persons who become unemployed due to reorganization.

The motion was seconded by Mr. Edmond Knight. A roll call vote was taken, five voted in favor and one opposed. The motion carried.

6. Mr. Wall moved to disburse funds from the contingency fund to pay a legal claim in the amount of \$3,000 in the case of Frank Mazyck vs. Dorchester County. The motion was seconded by Mr. Edmond Knight. All voted in favor and the motion carried.
